WOOL UNDERWEAR

Ulden er naturens egen optimale isolering. Ulden isolerer både mod varme og kulde. Ulden har den unikke egenskab, at den kan optage 35-40 % af sin egenvægt i fugt/sved, uden at blive fugtig, til sammenligning kan bomuld optage 5-8 %. Dette gør, at kroppen forbliver tør og ved behagelig temperatur, uanset om der er er varmt eller koldt. Ulden vi anvender er superwash behandlet, hvilket betyder at vore uldprodukter tåler maskinvask og tørretumbling.

Wool is the nature's own insulation. The wool protects you for both warmth and cold. Wool has the unique property that it can absorb 35-40 % of its weight in moisture, without becoming moist, in comparison cotton can absorb 5-8 %. This property means that the body remains dry and by a comfortable temperature whether it is cold or warm. The wool we are using is superwash treated, which means our wool products can be machine washed and tumble dried, without felting.

THERMO UNDERWEAR

3 Layer

3 lags termo undertøj er konstrueret således, at der er 100 % bomuld ind mod kroppen for at opnå maksimal blødhed mod huden, mellemlaget af polyamid transporterer sved/fugt ud i det yderste isolerende lag, bestående af uld og polyakryl. Denne serie er mærket med Oekotex 100

The 3 layer thermo underwear is constructed so that it has 100 % cotton against the body, to achieve maximal softness and comfort against the skin, the middle layer from polyamide carry the sweat/moist to the outer insulating layer consisting of wool and polyacrylic.

Denne serie består af tights, i forskellige farver og designs. Bambus gør sig bemærket ved, at være et "silke" blødt materiale, som samtidig er fugt transporterende så man forbliver tør hvis man sveder. Indholdet af elastan gør, at de holder pasformen og forbliver tætsiddende ved brug og efter vask.

This is a line of tights in different colours and designs. Bamboo is a "silk" soft material, which is also very moist transporting, which means it keeps the skin dry by perspiration. The content of elastane keeps the fit tight and stabile, also after wearing and washing.

BIG-SIZE BOXER

Style: 5221

Size 3XL-6XL

Denne serie af boxer i store størrelser, er meget elastisk og fleksibel, grundet stoffets konstruktion og indholdet af elastan. Elastikken er skjult i løbegang, hvilket gør der ingen "skarpe" kanter er, som kan genere. Meget populær hos de store mænd.

This line of boxers in big sizes is very elastic and flexible due to the fabric construction and content of elasthane. The waist band is surrounded by the fabric to avoid "sharp" and itching edges. This line is very popular among big men.

FUNCTIONAL SOCKS

RIB WOOL SOCKS

79% WOOL, 11% NYLON, 10% LYCRA

Washing: 40°C, Dryer

Style: 35250
Col.88, Black
Size 36/39, 40/43,
44/47, 48/51

Halv kraftig rib strikket uldsok som er egnet til alle - årstider, - typer fodtøj og anvendelser.

Semi heavy rib knitted wool sock, which is suitable for all – seasons, - footwear and – occasions.

WOOL FROTTE SOCKS

64% MERINO WOOL 32% POLYAMIDE

4% ELASTAN

Washing: 40°C, Dryer

Style: 35750

Col.88, Black

Size 36/39, 40/43,

44/47, 48/51

Disse uldsokker er produceret af fin blød merino uld. Det høje uld indhold sikrer optimal temperatur tilpasning, da uld er naturens bedste fugt regulerende materialer. Sokkerne er konstrueret med fuld frotté indvendig, for maksimal varme. Hæl og tå er forstærket for at opnå bedre holdbarhed og de er konstrueret med "Y-hæl" for optimal pasform. Sokkerne har elastisk bue over foden for tættere pasform.

This pair of wool socks are produced with fine and soft merino wool. The high wool content is secures optimal thermos regulation as wool is a great natural fibre for moisture management. The sock is constructed with full terry inside for maximal warmth. The heel and thoe box has been reinforced for better durability and it has been constructed a "Y-heel" for superior fit. The sock has a elastasticized arch for a nice and tight fit and size is knitted into the sock.

WORK SOCK SHORT

24 % MERINO WOOL,
42 % POLYPROPYLENE (PROLEN®),
24 % ACRYLIC, 5 % POLYAMIDE,
5 % LYCRA/ELASTANE

Washing: 40°C, Dryer

Style: 36750

Col.197 Antracit/Black,

Size 36/39, 40/43, 44/47, 48/51

Washing: 40 o c, Dryer.

- Skaftet og oversiden af foden er strikket af polypropylen (Prolen®) for maksimal svedtransport.
- Hæl, tå og sålen er strikket med blød frotté for, at give ekstra komfort.
- Strømpens hæl, tå og sål er strikket med ekstra fin merino uld /akryl for optimal temperaturregulering.
- Holdbarhedszoner strikket ved hæl og tå for at øge strømpens slidstyrke.

- Shaft and upper foot made in polypropylene (Prolen®) yarn for maximum moisture management.
- Foot bed made with soft terry for extra comfort.
- Heel, toe and sole made with fine merino wool / acrylic for optimal temperature regulation.
- Durability zones knitted by heel and toe to provide optimal durability.

WORK SOCK LONG

24% MERINO WOOL, 42 % POLYPROPYLENE,
24% ACRYLIC, 5% POLYAMIDE, 5% LYCRA/ ELASTAN

Washing: 40°C, Dryer

Style: 36800

Col.197 (Antracit/Black)

Size 36/39, 40/43, 44/47, 48/51

Denne strømpe er en knælang variant af 36750 Work-Sock Short:

- Skaftet og oversiden af foden er strikket af polypropylen(Prolen®) for maksimal svedtransport.
- Hæl, tå og sålen er strikket med blød frotté for, at give ekstra komfort.
- Strømpens hæl, tå og sål er strikket med ekstra fin merino uld /akryl for optimal temperaturregulering.
- Holdbarhedszoner strikket ved hæl og tå for at øge strømpens slidstyrke.

This sock is a knee high edition of the 36750 Work-Sock Short:

- Shaft and upper foot made in polypropylene(Prolen®) yarn for maximum moisture management.
- Foot bed made with soft terry for extra comfort.
- Heel, toe and sole made with fine merino wool / acrylic for optimal temperature regulation.
- Durability zones knitted by heel and toe to provide optimal durability.

TENNIS SOCK, FULL TERRY

80% COTTON, 17 % POLYAMIDE,
3% ELASTAN

Washing: 40°C, Dryer

Style: 37000
Col.100 White, 88 Black
Size 40/43, 44/47

Disse tennis strømper er luksus udgaven, med fuld frotté i hele foden og strikket ekstra tæt, for maksimal komfort og holdbarhed.

These tennis socks are the superior edition, with full terry in the foot and knitted extra fine, for maximal comfort and durability.

TECHNICAL-SOCKS

DRI-RELEASE® THIN

73% DRI-RELEASE®, 5 % POLYAMIDE,

22% LYCRA/ELASTAN

Washing: 40°C, Dryer

Style: 38000

Col.88 (Black)

Size 36/39, 40/43,

44/47, 48/51

Strømpen er strikket med et teknisk garn kaldet drirelease®, for maksimal svedtransport.

drirelease® tørrer 4 gange hurtigere end bomuld.

- Hæl og tå er forstærket med polyamid for, at øge holdbarheden.

- Sål og akilles zonen er strikket med grå drirelease® for, at give øget komfort.

- Strømpen er strikket med venstre højre teknologi for, at optimere pasformen.

The sock is knitted with a technical yarn called drirelease® for maximum moisture management.

drirelease® dries 4 times faster than cotton.

- Heel and toe are reinforced with polyamide for extra durability.

- Sole and achilles zone are knitted with soft grey drirelease® for increased comfort.

- Sock knitted with left and right technology for optimal fit.

TECHNICAL-SOCKS

DRI-RELEASE® HEAVY

82% DRI-RELEASE®, 7 % POLYAMIDE,

11% LYCRA/ELASTAN

Washing: 40°C, Dryer

Style: 38001

Col.88 (Black)

Size 36/39, 40/43,

44/47, 48/51

Denne strømpe er i en tykkere kvalitet end "drirelease® - Thin", hvilket gør den varmere.

- Strømpen er strikket med et teknisk garn kaldet drirelease®, for maksimal svedtransport.

drirelease® tørrer 4 gange hurtigere end bomuld.

- Hæl og tå er forstærket med polyamid for, at øge holdbarheden.

- Sål og akilles zonen er strikket med grå drirelease® for, at give øget komfort.

- Strømpen er strikket med venstre højre teknologi for, at optimere pasformen.

This sock is in thicker quality compared to "drirelease® - Thin", for extra warmth.

- The sock is knitted with a technical yarn called drirelease® for maximum moisture management.

drirelease® dries 4 times faster than cotton.

- Heel and toe are reinforced with polyamide for extra durability.

- Sole and Achilles zone are knitted with soft grey drirelease® for increased comfort.

- Sock knitted with left and right technology for optimal fit.

COMPRESSION-SOCKS

DRI-RELEASE®

57% DRI-RELEASE®, 31% POLYAMIDE,

12% ELASTAN

Washing: 40°C, Dryer

Style: 38100
Col.88 (Black)
Size 36/39, 40/43,
44/47, 48/51

Strømpen er strikket med et teknisk garn kaldet drirelease®, for maksimal svedtransport.

drirelease® tørrer 4 gange hurtigere end bomuld.

- Helt flad tåsyning.
- Rigtig gradueret kompressionsstrømpe med kompressionstryk gående fra 21 mmHg ved anklen til 16 mmHg ved toppen af skaftet.
- Bredt elastikbånd i ribben for at undgå trykmærker og sørge for at holde strømpen rigtig på plads.
- Forstærket områder i foden for ekstra komfort og holdbarhed.

This sock is knitted with a technical yarn called drirelease® for maximum moisture management.

drirelease® dries 4 times faster than cotton.

- Flat seamless toe seam.
- Real graduated compression sock going from 21 mmHg at ankle graduated to 16 mmHg at the top of the sock.
- Wide elastic band at the top to avoid pressure marks and helps to keep the sock in perfect place.
- Reinforced footbed areas for extra comfort and durability.

DOUBLE-FACE

64% MERINO WOOL, 32 % COTTON,

4% ELASTAN

Washing: 40°C, Dryer

Style:51090

Col.88 (Black)

Size 36/39, 40/43, 44/47

Disse strømper er strikket med en speciel teknik, som gør man har bomulden på indersiden af strømpen, for maksimal blødhed og ulden på ydersiden for isolerings evnen.

These socks are knitted with a special technique, which leaves the soft cotton on the inside and the wool on the outside of the sock, for maximal insulation purposes.

ANTI-BACTERIAL

80% COTTON, 15 % POLYAMIDE W/SILVER-IONS,

5% LYCRA

Washing: 40°C, Dryer

Style: 51100

Col.88 (Black)

Size 36/39, 40/43,

44/47, 48/51

Tynd bomuldsstrømpe strikket ekstra fin for bedre holdbarhed og med sølv ioniseret polyamid, som har anti-baktterielle egenskaber der modvirker fodlugt.

Thin cotton sock knitted ekstra fine for better durability and with silver ionized polyamide, which has anti-bacterial properties which prevents foot odor.

Size 35/39, 40/46, 47/51

Klassisk tynd bambus strømpe, bambus gør sig bemærket ved, at være et "silke" blødt materiale, som samtidig er fugt transporterende så man forbliver tør hvis man sveder. Strømpen er også med hånd kætlet tå, så der ingen søm er i tåen.

Classic thin bamboo sock, bamboo is a "silk" soft material, which is also very moist transporting, which means it keeps the skin dry by perspiration. This sock also has hand linked toe, which means there are no seam in the toe.

WOOL SOCKS

40 % WOOL, 40 % ACRYLIC,
18 % POLYAMIDE, 2 % ELASTANE

Washing: 40°C, Dryer

Col.88

Style:35000

Col.40 (Navy) + 197 (Grey)

Size 40/46

Col.88 (Black)

Size 35/39, 40/46, 47/51

Klassisk tynd uld strømpe, ulden gør strømpen ekstra varm og tør, grundet uldens isolerende og fugt absorberende/transporterende egenskaber. Strømpen er også med håndkættet tå, så der ingen søm er i tåen.

Classic thin wool sock, the wool makes the sock extra warm and dry, due to the insulating and moist absorbing/transporting properties of the wool. This sock also has hand linked toe, which means there are no seam in the toe.
